**Dear Song NongChanun**

I am currently interested in an internship that learning about programming and would like to work for a company that specializes in programming. I would welcome the opportunity to speak with you directly regarding internship opportunities within your company.

Based on my skill and my graduate, I studied at Passerellesnumeriques for 2 years to graduate my bachelor degree and I finish school in 2018. Then I got a job as a programmer for a company in 3 years. When I were at school I have a challenged competition that required us to manage the program that create by teacher in my school. During the work I joined many conferences to exchange the experience. When I turn back I have a short course of training to my team work about what I got to change management strategy in our company.

At university I improve my soft skill, technical skill that related to my career, I found out about manage of the strategy of controlling that coding by my ideas and researching and I have own values as I learn at the school taught me. Beside technical skill I joined some work shop that provide by school about how is the work environment of the people in the society to give us some idea when we go to the company. For the future goal I would change my ability while developing in your area and I happy to express you my strength of my work.

I am eager to learn from the many successful programmer at Bong Thom holding high peer review ratings in accordance . I hope that you will afford me the opportunity to become a member of your team. Thank you for your time and consideration. I can be reached via phone (865-987-2222) or email (siny.sen@gmail.com).

Sincerely yours

Sen Siny
